Are Doctors the Leading Cause of Hepatitis B?
My interview with Ashley Grogg on the Nurse's Report

In my recent appearance on The Nurse's Report with Ashley Grogg, I go deep into the story behind the Hepatitis B vaccine…

Including: how it's made — with harmful elements built-in to the process that can't be removed, but can cause seriously dangerous side effects; and why it's pushed on every US citizen on the day they're born (if you think it's for health reasons, you're sadly mistaken).

This is essential information for expectant mothers and families can use to protect themselves from yet another medical fraud that our system thrusts upon us.

All of this and much more is covered in my upcoming book, The Hep B Chronicles.
